Christmas Trees and
Evergreen Decorations
for the Holiday Season

CHRISTMAS TREES

For a number of years we have made the furnishing of Christmas trees and holiday decorations a leading branch of our business. Our satisfied customers now cover a large territory.

The trees we send out are carefully selected in the proper season and will remain fresh and green long after the holidays are over. Our native dark-colored spruce are the very best for Christmas trees. While the silvery-green white spruce and darker colored balsam fir are much in demand for general purposes, these two varieties are very popular as large trees to be placed in churches and auditoriums.

MUNICIPAL CHRISTMAS TREES

We can supply trees of large size and splendid proportions priced according to lengths from 24 to 40 feet. These trees are wrapped in burlap and shipped by express. The trees are too long for ordinary freight transportation and flat-car freight transportation proves very costly.

Prices given on request stating size desired.

EVERGREEN BOUGHS

We offer the branches of the evergreen trees cut in various lengths and packed in neat well-tied bales of the following varieties: American Arbor Vitae, Balsam Fir, Black Spruce, Jack Pine, Norway or Red Pine, Hemlock, White Spruce and White Pine.

These can be shipped by freight at a low cost.

\$2.00 per 100 pounds

Spruce and Balsam boughs can be furnished in quantities of three tons and over. A very liberal discount is allowed for shipments of carload lots of three to ten tons. We will be pleased to entertain any proposals on these two varieties in such quantities.

The other varieties mentioned above are not so plentiful which prohibits the discount on quantity orders.

EVERGREEN SPRAYS

The tips of the evergreen branches cut in convenient lengths and tied in bunches of ten can be used for various decorative purposes. These are shipped in light crates or burlap bags. If preferred large quantities are shipped in crates by freight. Small lots shipped by express are packed in burlap bags to reduce express charges.

These sprays have many uses and will take the place of cut ferns in many cases.

Our prices by the hundred--ten bunches of ten in a bunch:

100 bunches 50c

1000 bunches \$4.00
